EXAMINER'S AMENDMENT

1. An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on February 12, 2007, Clark A. Puntigam requested an extension of time for ONE MONTH(S) and authorized the Director to charge Deposit Account No. 07-1900 the required fee of \$120.00 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 1, line 10: The term "separate" has been deleted, and the phrase --which do not communicate with one another-- has been inserted after the term "volumes".

2. The following is an examiner's statement of reasons for allowance: The examiner respectfully asserts that none of the prior art, taken either singly or in combination, is seen to teach or suggest the use of a pillow kit comprising a cover assembly having the particular structural configuration as claimed by Applicant in combination with loose filling and a plurality of core members located within the chamber sections as explicitly recited in Applicant's independent claim 1. With regards to the prior art, Buonocore '894 discloses the use of a pillow comprising loose material and core materials inserted into a plurality of chambers located

interiorly of the cover assembly; however, the volumes defined by the interior pillow chambers of the device of Buonocore '894 clearly communicate with each other as opposed to the use of a plurality of volumes which do not communicate with one another as specifically claimed by Applicant. Since an updated search of the prior art did not yield any other references pertinent to Applicant's claims, it is considered that the application is currently in full and proper condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert G. Santos whose telephone number is (571) 272-7048. The examiner can normally be reached on Tues-Fr and first Mondays, 10:30 a.m. to 8:00 p.m..
